THE BLOUSTEIN SCHOOL
The Edward J. Bloustein School of Planning and Public Policy was established in 1992 to prepare students to be the leaders of tomorrow, conduct cutting-edge, policy-relevant research and scholarship, cultivate leadership and public engagement and community service, and to address the crucial policy issues of our time. The school fosters a highly-collaborative academic, scholarly and professional environment, where the disciplines of urban planning, public policy, public health, and health administration closely converge.

SCHOOL OF ARTS AND SCIENCES STUDENTS (501)

Students in the School of Arts and Sciences who wish to pursue the Health Administration major must apply for admission to the Bloustein School. Applicants must have achieved a minimum grade of "C" or better in each of the pre-requisite courses and be in good academic standing.

Only courses with "C" or better may be counted towards the health administration major, and students must complete the general education requirements for SAS. The degree is awarded jointly by the Edward J. Bloustein School of Planning and Public Policy and the School of Arts and Sciences.

TRANSFER STUDENTS (501D)

This option is for current Rutgers students seeking a school-to-school transfer, or for students transferring to Rutgers. Students seeking the health administration major must have at least 30 credits before applying to the Bloustein School. Successful applicants will have completed the prerequisite courses with a grade of "C" or better, and have achieved an overall GPA of at least 2.5.

This program is designed to accommodate the needs of transfer and nontraditional students. To learn more on how to apply, admission requirements and academic policies, please visit the major homepage: bloustein.rutgers.edu/undergraduate/healthadministration

Only courses with "C" or better may be counted towards major requirements. Upon completing the major, all General Education requirements*, and a minimum of 120 credits in good academic standing, the student will receive the Bachelor of Science (BS) degree from the Bloustein School.
