

## MEMBERS OF THE GRADUATE FACULTY

### Members of the Graduate Faculty

Hooshang Amirahmadi, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Cornell  
Third-world development (regional/national); global economic restructuring

Clinton J. Andrews, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Massachusetts  
Institute of Technology  
Energy and environmental planning; regulatory reform; planning methods

Francis Barchi, Assistant Professor of Planning and Public Policy, EJBSPPP; Ph.D., Pennsylvania  
Global health ethics; women's health in southern Africa; women's autonomy and gender-based  
violence in Botswana; ethics education

Robert W. Burchell, Distinguished Professor of Planning and Public Policy, EJBSPPP; Ph.D.,  
Rutgers  
Empirical analysis in housing; land use; municipal finance

Joel Cantor, Distinguished Professor of Planning and Public Policy, EJBSPPP; Director, Institute  
for Health; Sc.D., Johns Hopkins  
Health care financing and delivery; health care policy

Cara L. Cuite, Assistant Extension Specialist, Dept. of Human Ecology, Rutgers Cooperative  
Extension, SEBS; Ph.D., Rutgers University  
Risk communication about weather, climate and food; community food security

Henry A. Coleman, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Princeton  
Public policy; state and local finances

Jocelyn Elise Crowley, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Massachusetts  
Institute of Technology  
Social policy; American politics

James DeFilippis, Associate Professor of Planning and Public Policy, EJBSPPP; Ph.D., Rutgers  
Community development; housing

Frank Felder, Associate Research Professor; Director, Center for Energy, Economic, and  
Environmental Policy, EJBSPPP; Ph.D., Massachusetts Institute of Technology  
Energy policy; restructured electric power systems

Michael R. Greenberg, Associate Dean and Distinguished Professor of Planning and Public Policy, EJBSPPP; Ph.D., Columbia  
Environmental planning; public health

William K. Hallman, Professor of Human Ecology, SEBS; Ph.D., South Carolina  
Risk perception; risk communication; consumer attitudes and behavior; food policy

Andrea Hetling, Associate Professor of Planning and Public Policy, EJBSPPP; Ph.D., Maryland  
Social policy; domestic violence; welfare

Briavel Holcomb, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Colorado  
Environment and behavior; urban revitalization

David Hughes, Professor of Anthropology, SAS; Ph.D., University of California, Berkeley  
Environmental anthropology, landscape, conservation, energy, climate change

James W. Hughes, Dean and Distinguished Professor of Planning and Public Policy, EJBSPPP;  
Ph.D., Rutgers  
Housing; demographic and economic analyses

Radha Jagannathan, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Princeton  
Statistics and methods; public welfare

Naa Oyo Kwate, Associate Professor of Human Ecology and Africana Studies, SEBS; Ph.D., St. John's  
Urban inequality; African-American health

Michael Lahr, Research Professor, Center for Urban Policy Research; Ph.D., Pennsylvania  
Economic development; regional economics; public finance

Robert W. Lake, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Chicago  
Urban and community development; urban policy and politics; planning and social theory

Beth Leech, Professor of Political Science, SAS, Ph.D, Texas A&M University  
American political institutions; public policy

David Listokin, Distinguished Professor of Planning and Public Policy, EJBSPPP; Ph.D., Rutgers  
Housing; land use; finance

Jane Miller, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Pennsylvania  
Maternal and infant health; demography

Dawne Mouzon, Assistant Professor of Planning and Public Policy, EJBSPPP; Ph.D. Rutgers

Physical and mental health disparities; race; gender; sociology of the family

Anton Nelessen, Professor of Planning and Public Policy, EJBSPPP; M.S., Harvard  
Urban design; site and master planning; media presentations

Lenna Nepomnyaschy, Associate Professor of Social Work, SSW; Ph.D., Columbia  
Child and family health policies; poverty and inequality

Kathe Newman, Associate Professor of Planning and Public Policy, EJBSPPP; Ph.D., CUNY  
Urban politics; urban revitalization; community development

Robert B. Noland, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Pennsylvania  
Impacts of transport planning and policy on environmental outcomes; impact of induced travel  
on vehicle emissions; behavioral responses to new transport capacity

Karen M. O'Neill, Associate Professor of Human Ecology, SEBS/SAS; Ph.D., California (Los  
Angeles)  
Land-use conflicts; social classes; the state

Cymie R. Payne, Associate Professor of Human Ecology, SEBS; Ph.D., California (Berkeley)  
International environmental law; liability; impact assessment; global climate change

Ronald Quincy, Professor of Professional Practice, EJBSPPP; Ph.D., Michigan State University  
Nonprofit governance, organizational strategy, international affairs.

Frank Popper, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Harvard  
Urban politics; urban revitalization; community development

Kelcie Ralph, Assistant Professor of Planning and Public Policy, EJBSPPP; Ph.D., California (Los  
Angeles)  
Travel behavior of special populations, Causes and consequences of the decline in driving  
among young adults

Edward Ramsamy, Associate Professor of Africana Studies, SAS; Ph.D., Rutgers  
Social theory and urban planning; international development

Mark Robson, Professor of Entomology, SEBS; Ph.D., Rutgers  
Public health; agrochemical toxicology

William M. Rodgers III, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Harvard  
Labor economics; economics of social problems

Julia Sass Rubin, Associate Professor of Planning and Public Policy, EJBSPPP; Ph.D., Harvard

Community economic development; developmental finance; nonprofit and hybrid organizational forms

Thomas Rudel, Distinguished Professor of Sociology, SEBS; Ph.D., Yale  
Development; environment; human ecology

Hal Salzman, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Brandeis  
Workforce development and labor markets; effects of technological change; science and engineering workforce policy

Dona Schneider, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Rutgers  
Morbidity and mortality patterns for children and high-risk groups

Ethan Schoolman, Assistant Professor of Human Ecology, SEBS; Ph.D., Michigan  
Environmental, political, and cultural sociology; inequalities in access to healthy food

Stuart Shapiro, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Harvard  
Public administration; public policy; regulatory processes; quantitative methods

Mi Shih, Assistant Professor of Planning and Public Policy, EJBSPPP; Ph.D., Rutgers  
International urbanization; land development and property rights; city redevelopment; social protests and citizenship in China

Michael Smart, Assistant Professor of Planning and Public Policy, EJBSPPP; Ph.D., California (Los Angeles)

Social networks and neighborhood activity patterns; urban modeling and simulation; GIS

Meredeth Turshen, Professor of Planning and Public Policy, EJBSPPP; Ph.D., Sussex (UK)  
Political economy of health; third-world social policy

Carl Van Horn, Distinguished Professor of Planning and Public Policy, EJBSPPP; Ph.D., Ohio State  
American political institutions; public policy

Marc Weiner, Associate Research Professor of Planning and Public Policy, EJBSPPP; Ph.D., Rutgers

Survey research; public opinion; demography; politics; qualitative research methods

Lyna Wiggins, Associate Professor of Planning and Public Policy, EJBSPPP; Ph.D., California (Berkeley)

GIS; computer applications in planning

Nancy Wolff, Distinguished Professor of Planning and Public Policy, EJBSPPP; Ph.D., Iowa State  
Health economics; public finance

## **Associate Members of the Graduate Faculty**

Barbara Faga, Professor of Practice in Urban Design, EJBSPPP; Ph.D., Georgia Institute of Technology

Participatory planning, planning practice and theory, urban design, zoning

Paul Gottlieb, Associate Professor of Agricultural, Food, and Resource Economics, SEBS; Ph.D., Princeton

Farmland fragmentation; causes and effects of zoning; rural and high-tech economic development

Wolfram Hofer, Assistant Professor of Landscape Architecture, SEBS; Dokt. Ing., Technische Universität München (Germany)

Brownfields; suburban landscapes; design theory

Robert E. Kopp, Professor of Earth and Planetary Sciences, SAS; Ph.D., California Institute of Technology

Past states of Earth systems and transitions; integrated assessments: energy, climate, and policy

Henry J. Mayer, Executive Director, Environmental Analysis and Communications Group; Ph.D., Rutgers

Climate Impacts and Resilience, Community Development, Computer Simulation Modeling, Environmental Planning and Policy

Pamela McElwee, Associate Professor of Human Ecology, SEBS; Ph.D., Yale

Biodiversity; conservation; climate change; environmental change

Rachael Shwom, Associate Professor of Human Ecology, SEBS; Ph.D., Michigan State  
Environmental sociology; organizational sociology; global climate change
