

Urban Planning and Design Internship with Seminar (10:971:400) Information Sheet

What is the Internship with Seminar?

For Urban Planning and Design majors, the Internship course (10:971:400) is a 3 credit elective. This course includes a field experience and course work. Students must complete 125 hours of field experience. Students complete a project over the course of the semester and will present in a public forum at the end of the semester. All Internship sites must be approved by Dr. Lyna Wiggins or Professor Tony Nelessen.

What are the prerequisite courses?

There are no prerequisite courses for the Urban Planning and Design major Internship with Seminar. Students must declare the major to register for the course.

When should I look for an internship?

Urban Planning and Design majors can contact Dr. Lyna Wiggins (lyna@rutgers.edu) or Professor Tony Nelessen (nelessen@rutgers.edu) for a meeting. Students will be given the tools to locate and secure an internship, but students are not placed into specific internship sites. Students may be required to apply and/or interview in order to secure an internship and must submit a signed internship contract to the course instructor.

Can I do an Internship over the summer?

Students may register for the Internship course in the summer if they are a declared major.

Can I use a current or prior Internship experience to meet this requirement?

Students may not use prior experience to complete the Internship course requirement, but may discuss current placements with Dr. Lyna Wiggins or Professor Tony Nelessen.

How do I register?

All eligible students need a special permission number in order to register for Internship (10:971:400). This special permission number can be granted through a request on this website: <http://bloustein.rutgers.edu/courses/special-permission-numbers/>.
