Student Accessible Software

The following software is currently available for Bloustein School students during the current disruption. Some of these packages are only available for a limited time and are indicated accordingly.

Adobe Creative Cloud (Temporary)
Adobe has made Creative Cloud Software available to students. If you're interested, please send an email to help@ejb.rutgers.edu and we'll send you the necessary information.

Anti-Virus
Cisco Immunet is available for Windows based machines:
https://software.rutgers.edu/product/3474

Avira is available for Macs:
https://software.rutgers.edu/product/3490

ArcGIS Desktop
You can gain access to ArcGIS software. If you're interested in obtaining a license, or getting information on how the software can be installed on a Mac, please send an email to help@ejb.rutgers.edu and we'll send you the necessary information.

AutoCAD
You can get AutoCAD software for free from here:
https://www.autodesk.com/education/free-software/featured

Box
If you would like to use Box for cloud based file storage, you will need to activate the service first. If you have not done that already, please use the sign-up link on this page:
https://box.rutgers.edu/

EndNote
You can get a copy of EndNote for citation management:
https://www.libraries.rutgers.edu/endnote

LinkedIn Learning
All of this software will require some tutorials and so LinkedIn Learning (formerly Lynda) can help:
https://it.rutgers.edu/linkedin-learning/knowledgebase/logging-into-linkedin-learning/

MS Office
You are entitled to a subscription to Office 365 while you are a student at Rutgers. You can find more details about how to get the software here:
https://it.rutgers.edu/microsoft-office/microsoft-office-for-students/

NVivo Qualitative Analysis Software
You can get NVivo for free here:
https://software.rutgers.edu/product/3482

Qualtrics Survey Platform
You can use Qualtrics to create surveys provided that they are related to the university's educational mission and organizational goals:
https://software.rutgers.edu/product/3025

QGIS
QGIS is a open source GIS software program being used by some of our courses during the disruption. You can find out more about QGIS here: https://qgis.org/en/site/

R
R is free and there is also a free version of R Studio:
https://www.r-project.org/

Rhino (Temporary)
You can download an eval version of Rhino, which is fully functional for 90 days.
https://www.rhino3d.com/download

SPSS and Stata (Temporary)
Rutgers has made available temporary free licenses for Stata and SPSS to the entire Rutgers community for the Windows, Mac, and Linux platforms. You can get the software here:

https://software.rutgers.edu/index/

Please note that you will need to add a 0$ cost item to your cart and go through the checkout process before you can download one of these packages. The software group wants to track how many students take advantage of the free downloads.

If you have questions about accessing any of this information, please send an email to help@ejb.rutgers.edu .
